The first part of the report  
concerns the work done  
in the laboratory during  
the last year. The results  
of the experiments are  
summarized in the following  
table.

The second part of the report  
deals with the theoretical  
aspects of the problem. It  
is shown that the results  
obtained in the laboratory  
are in good agreement with  
the theoretical predictions.  
The third part of the report  
contains a discussion of the  
results and a comparison with  
the work of other workers in  
the field.

The work described in this  
report was supported by the  
National Science Foundation.  
The author wishes to express  
his appreciation to the  
members of the laboratory  
for their assistance during
